

KPMG Corporate Finance LLC acted as exclusive financial advisor to Savillex Corporation

About the engagement

KPMG Corporate Finance LLC (KPMG CF) acted as exclusive financial advisor to Savillex Corporation ("Savillex") on its sale to Thompson Street Capital Partners, a St. Louis-based private equity firm.

Founded in 1976 and headquartered in Eden Prairie, Minnesota, Savillex is a producer of highly-engineered products and OEM components derived from fluoropolymers. The company's offering includes labware, bottles, acid purification systems, and filtration solutions as well as engineered solutions. Savillex's products are utilized in the geochemistry, pharmaceutical, semiconductor and aerospace markets. The company's products are ultra-high purity, chemically inert, virtually unbreakable, and maintain performance integrity at extreme temperatures.

"Thompson Street's deep focus on engineered products, as well as its acquisition and operational expertise in scaling businesses, present a great opportunity to bring our company and people to the next level," said Terry Nagel, President of Savillex. "KPMG CF has deep expertise in various industrial technologies and was instrumental in all aspects of the transaction, proving as a trusted advisor throughout the process," added COO Mike Osgar.

"Savillex is one of the few companies in the world with the capabilities and expertise required to produce PFA products. Savillex products are designed to meet the highest-performance standards – which is of particular importance due to the expensive and/or hazardous liquids the labware often handles. We look forward to being part of this fine company's bright future," said Jeff Aiello, Director at Thompson Street Capital Partners.

"We are privileged to have advised Savillex in identifying a partner that appropriately recognized the value created by Messrs. Nagel and Osgar and their management team over the years, while also strongly positioning the company for continued, future growth," said Shez Bandukwala, Managing Director with KPMG CF.
