U.S.A

TOP WOMEN DEALMAKERS • 2019

Winners of the inaugural awards were honored during the afternoon networking ceremony held in conjunction with the USA Growth & Deals Intelligence Forum on July 11, 2019 at the historic Mayflower Hotel in Washington DC.

“These award recipients reflect the very best from the transactional communities – from private equity, lending, restructuring, financial advisory and law. These brilliant and highly accomplished women have earned the respect and admiration of their colleagues, clients as well as peers from the industry”, said Shanta Kumari, host of the gathering, CEO and global group editor at Global M&A Network, LLC.

Prior to the awards recognition ceremony, the women shared their personal stories and varied paths for finding their success. Notable themes emerged from the discussion on how to define success, being confident and assertive in expressing their voices as well as taking time to reflect and savor the moments.

“Why am I winning this award?” was among the most interesting and tough question ... and, as Shanta said, “Because, each of you have demonstrated leadership skills, resilience, hard-work, produced results, as well as influence and serve as an inspiration to women and men alike in this vibrant and highly competitive deals industry.”

about: Singularly honors and spotlights A-List of most accomplished, respected and brilliant women dealmakers from the private equity, lending, restructuring, M&A financial advisory and legal transactional communities especially from the middle-market segments. Significantly, the Top U.S.A Women Dealmakers is ultimate validation of achievements since the independent selection process is based on “*Distinction in Dealmaking*” criteria along with prominence and influence.
