### About the engagement

KPMG Corporate Finance LLC ("KPMG CF") acted as the exclusive financial advisor to Control-Tec, LLC ("Control-Tec") on its sale to Delphi Automotive PLC ("Delphi").

Founded in 2009, Control-Tec is a leading provider of telematics and cloud hosted data analytics solutions. The Control-Tec platform is utilized by engineering teams at OEMs to provide customizable, real-time data and analysis during the late stages of vehicle product development. The technology allows OEMs to reduce testing cycles, meet launch schedules and reduce warranty exposure.

The Control-Tec acquisition will allow Delphi to provide greater support to its global OEM customers that face increased challenges through greater vehicle complexity and heightened regulations as they launch new products, while allowing Control-Tec to leverage Delphi's global footprint and resources to generate continued growth.

"The KPMG team provided excellent guidance and resources throughout the sales process. They brought deep client focus and sector depth, as well as a thoughtfully executed process that allowed us to find the perfect partner for Control-Tec. Their professionalism and counsel were an important factor in our ability to achieve a successful transaction," said Michael Shields, Chairman and majority shareholder of Control-Tec.

Headquartered in Gillingham, U.K., Delphi is a global technology company for automotive and commercial vehicle markets delivering solutions that help make vehicles safe, green and connected.

### Global coverage. Industry knowledge. Middle-Market focus.

The Corporate Finance practices of KPMG International's network of independent member firms (KPMG) have been ranked collectively a leading global M&A advisor according to Thomson Reuters SDC's 2014 global transaction volume league tables.
